Innovation in Estonian government:

We do not want paper!
We do not like paper!
Paper is not trustworthy!

eGovernment benefits:

Faster process;

Better information quality;

Better security/ integrity;

Better availability, online archive;

Efficiency for stakeholders-

notaries, courts, bailiffs, Gov;

Efficiency for private companies-

brokers, banks;

Efficiency for registrars;

- no need for counter service
- less archive; less paper;
- equal work load
- less technical staff

...

Information is the power!

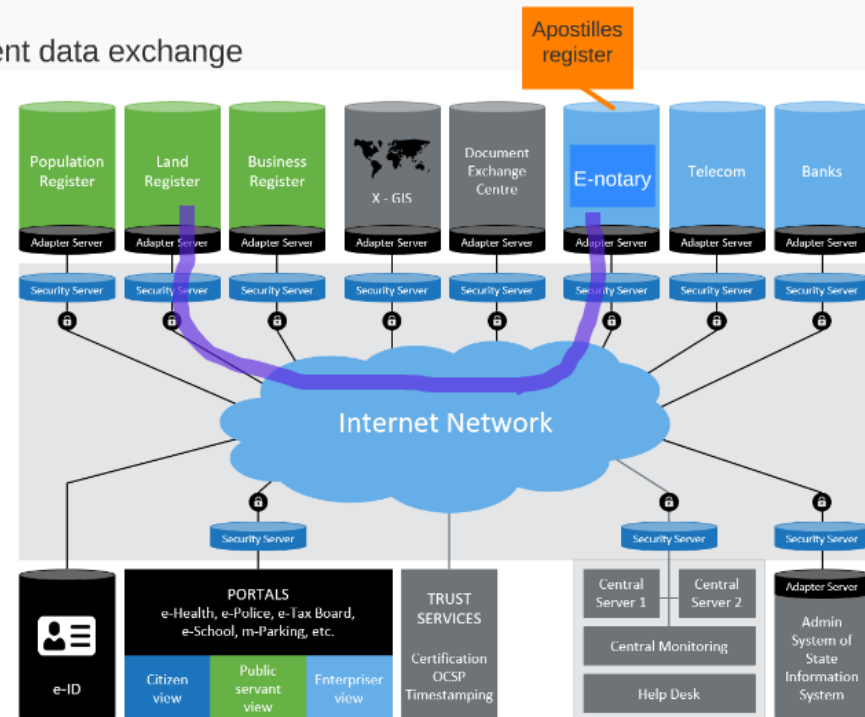

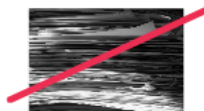

So lets skip the printing and use the information!
Transformation process:

1. from paper to pdf
2. from pdf to databases
3. databases to data exchange
4. ...

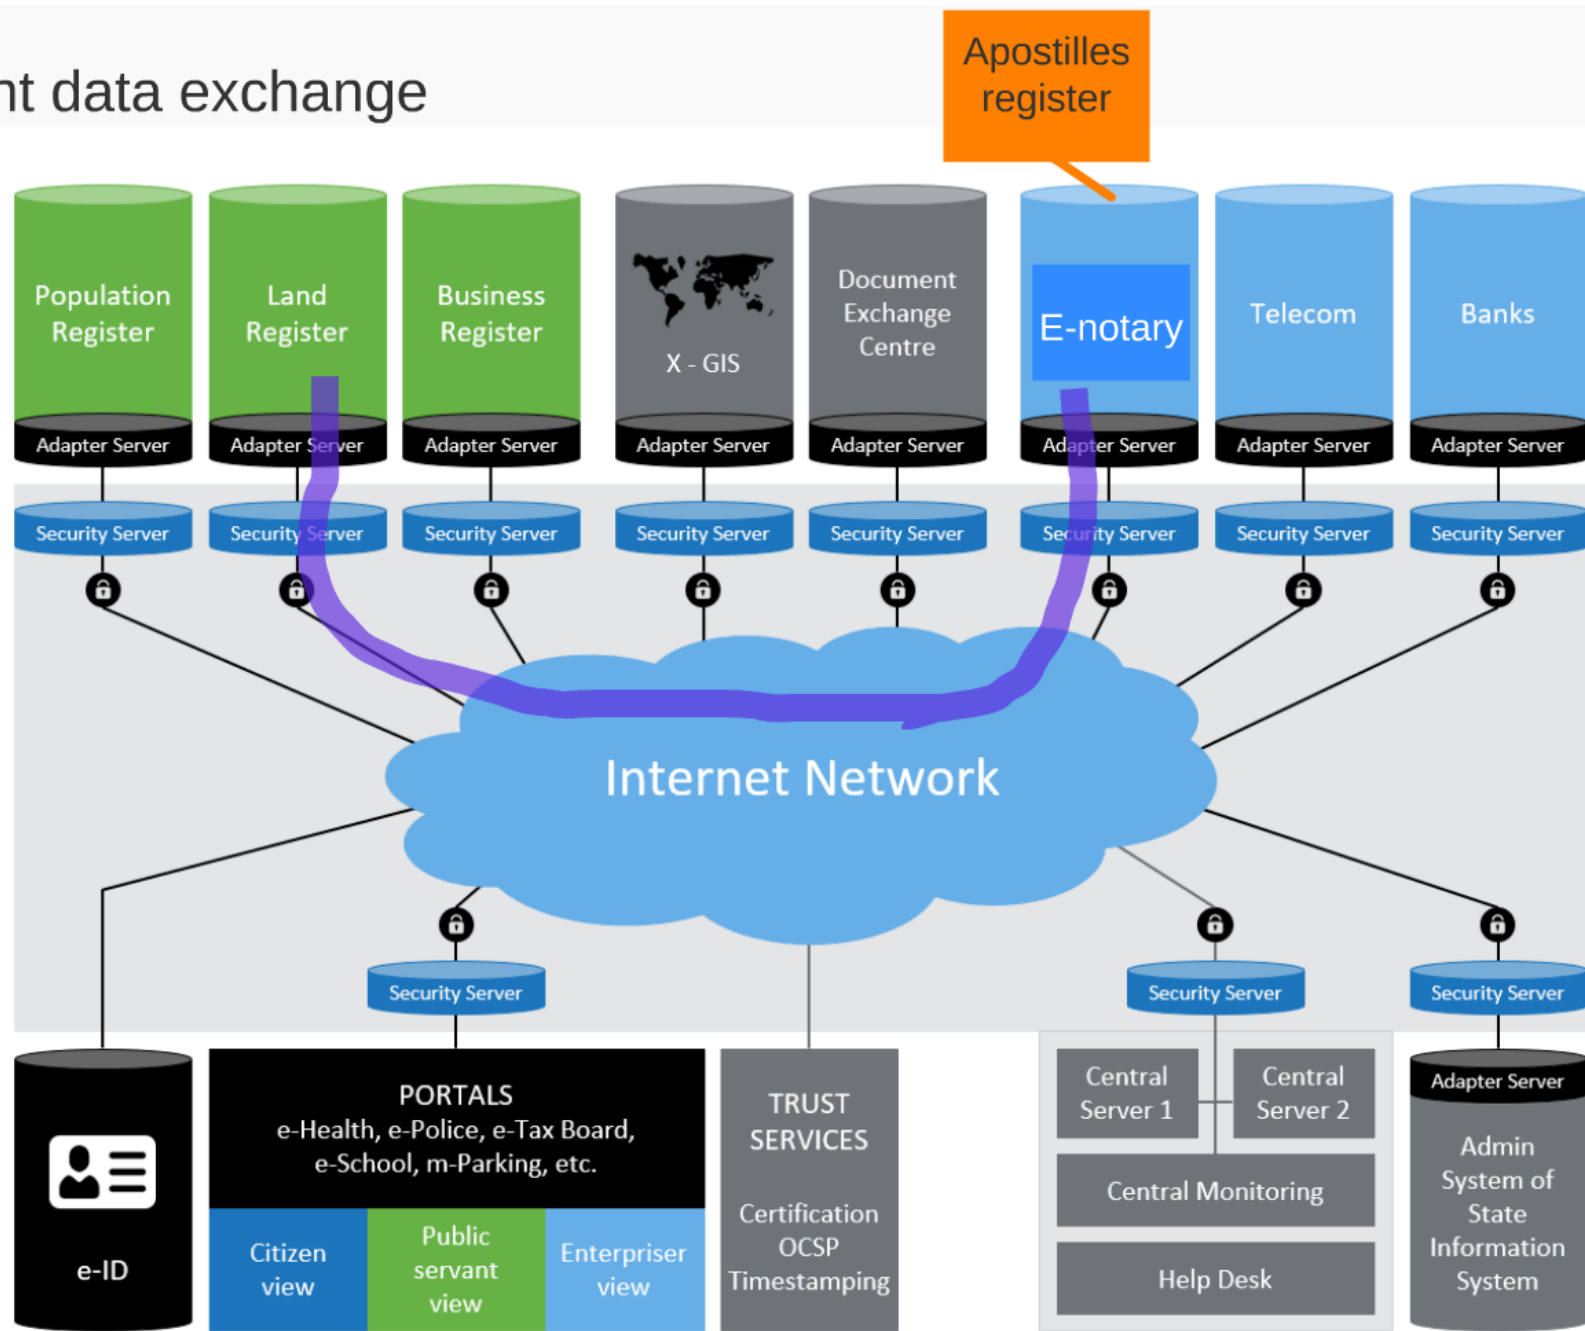

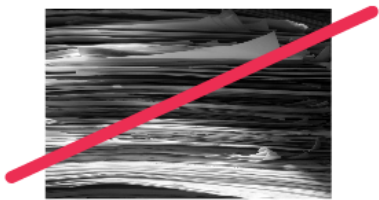

Secure Government data exchange

Service desk is empty, users are online

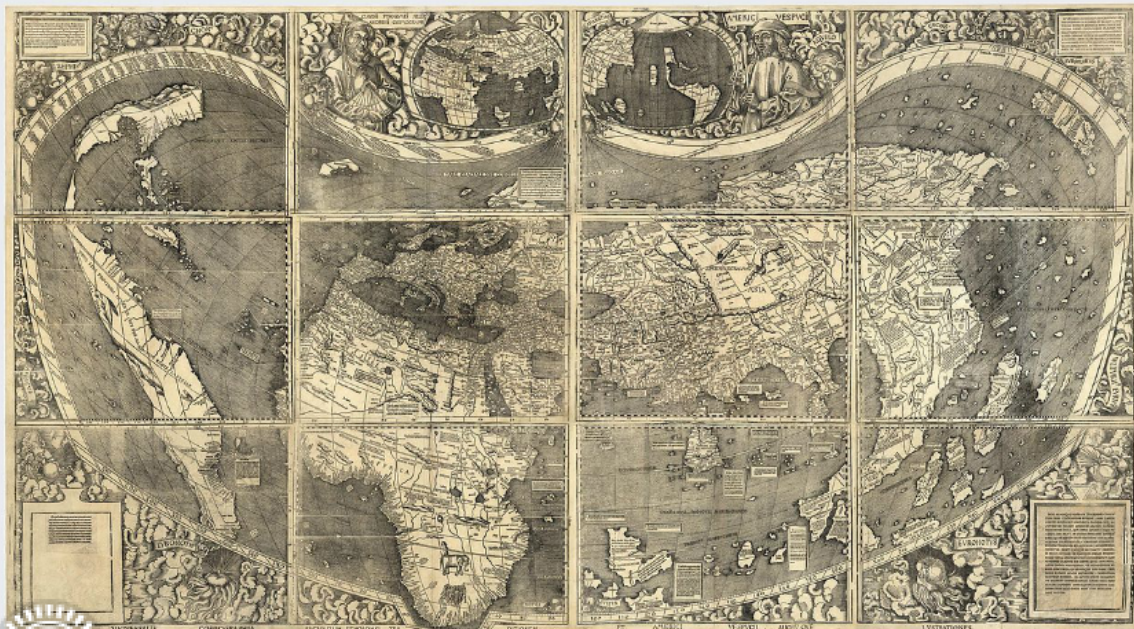

Counter service transferred to Notary office in 2015

Situation in cross border communication in 2016

Defacto normal:

- We need a certificate of
 - Bring the proof of....
 - Two copies of... is required.
 - Sign your application on paper.
 - Translate and apostille!!!
 - **We are not so advanced to use electronic signatures.**
- and apostille everything!**
