Revised Country Profile for the 1980 Child Abduction Convention

Foreword to the Country Profile

This Country Profile¹ should be used by Contracting States² to assist with fulfilment of the obligations contained within Article 7 of the *Convention of 25 October 1980 on the Civil Aspects of International Child Abduction* (1980 Child Abduction Convention or 1980 Convention). In particular, it is anticipated that the Country Profile will help Contracting States fulfil their obligations under Article 7(2)(e) and 7(2)(i) of the Convention, that is:

- To provide information of a general character on the law of their State in connection with the application of the Convention; and
- To keep other Central Authorities informed regarding the operation of the Convention in their State and to eliminate any obstacles to the Convention's application.

The Country Profile is intended to assist with the practical operation of the Convention. It is hoped that it will facilitate:

- a) information exchanges between Contracting States;
- b) knowledgeable service by Central Authorities under the 1980 Child Abduction Convention;
- c) cost-effective translation of the information provided by Contracting States into English, French, Spanish, and other languages as required by Contracting States; and
- d) prompt updates of the information provided.

NEWLY ACCEDING STATES:

It should be noted that the Country Profile does not replace the "Standard questionnaire for newly acceding States" (available at www.hcch.net under "Child Abduction Section" then "Questionnaires and responses"). The Standard Questionnaire provides a means for newly acceding States to describe promptly, and in brief, the measures taken in their State to ensure compliance with their Convention obligations and to ensure the effective practical operation of the Convention in their State. It thereby assists States already Party to the Convention with their decision as to whether to accept an accession.

Newly acceding States are encouraged to complete this full Country Profile as soon as is practicable.

INSTRUCTIONS:

- Please mark the box which best represents the arrangements in your State:
 - Where the response requires either "Yes" or "No", please mark one box only.
 - For all other questions, it may be necessary to mark more than one box.
- Where applicable, please specify the relevant provision(s) of your domestic legislation and indicate how the legislation may be accessed, e.g., website, or provide a copy of the legislation.
- Please complete a separate profile for each territorial unit if there are significant differences in the substance and operation of the laws in each.

¹ This new version follows the content and structure of Info. Doc. No 2 of March 2011 for the attention of the Special Commission of June 2011 on the practical operation of the 1980 Child Abduction Convention, with some minor format changes and necessary updates (e.g., the reference to Brussels IIa has been changed to Brussels IIb and references to INCASTAT have been deleted).

² Any reference to a Contracting State in this Country Profile is a reference to a Contracting State of the 1980 Child Abduction Convention.

- Please note: the information contained in the Country Profile **is of a general nature only**. The purpose of the Country Profile is to assist with the practical operation of the Convention and not to provide a comprehensive picture of the legal system of each Contracting State. Please consider this when completing the Country Profile and when using the Country Profile of other Contracting States. Please contact the relevant Central Authority for clarification or specific advice.
- Contracting States are exclusively responsible for updating the information contained in their Country Profile. However, reminders for updates will be provided by the Permanent Bureau of the Hague Conference on Private International Law (HCCH).
- Completed Country Profiles will be published on the website of the HCCH (www.hcch.net).
- The Permanent Bureau of the HCCH has prepared a number of resources which may assist States in the effective implementation and operation of the Convention, in particular Guides to Good Practice. See www.hcch.net under “Child Abduction Section” for further information in this regard.

TERMINOLOGY:

- Whilst it is acknowledged that in some Contracting States the formal applicant to a return or access application under the Convention may be a State authority (see question 11.17 below), please note that the term “**applicant**” is used in the Country Profile as follows:
 - a) In relation to a *return* application, the term “applicant” denotes the person, institution or other body alleging that their actually exercised rights of custody in relation to a child have been breached by the removal or retention of the child, in accordance with Article 3 of the Convention; and
 - b) In relation to an *access* application, the term “applicant” denotes the person, institution or other body seeking to establish and / or exercise rights of access in relation to a child under Article 21 of the Convention.
- The term “**abducting party**” or “**alleged abducting party**” in the Country Profile refers to the person, institution or other body who has, or is alleged to have, wrongfully removed or retained a child in accordance with Article 3 of the Convention.
