Annual adoption statistics for receiving States**

Country: United States of America

** **Concerning special needs adoptions and the number of intra-family adoptions:** These charts hold no data about how many special needs children were adopted nor the number of intra-family adoptions because the United States does not collect these data categories. Also note that we are not reporting the number of domestic adoptions because this information is also not collected across all types of domestic adoption in all US States.

Year: 2009
