

NAME OF COUNTRY OR ORGANISATION:**CAI COMMISSIONE PER LE ADOZIONI INTERNAZIONALI -ITALY****A EXPLANATIONS AND QUESTIONS**

If a question does not apply to your State, please answer "Not applicable".

- (b) a prospective adopter was or was not habitually resident in the receiving State (as e.g. in the case of a short-term or temporary resident); and

- (c) the removal of the child was or was not “for the purpose of adoption” in the receiving State (as e.g. where the child is initially moved to the receiving country on a temporary basis or for foster care, and later on adoption is considered)?

4. General principles for protection of children

- (a) What are the different types of care available to a child in need of care and protection in your State?

- (c) What are your procedures to establish if a child is adoptable?
- (d) What procedures are in place to ensure that consent to an adoption is given in accordance with Article 4 c) and d) of the Convention?

Accredited bodies

- (1) Please indicate whether your country uses or intends to use accredited bodies in intercountry adoption. If so, please provide details on the topics (a) to (m) below.

According to the Italian law No. 476 of 31 December 1998, ratifying the Hague Convention of 29 May 1993 on Protection of Children and Cooperation in Respect of Intercountry Adoptions, prospective adoptive parents, once obtained the eligibility decree by the Juvenile Court, must entrust within one year one of the accredited adoption bodies authorized by the Commission for Intercountry Adoption for the carrying out of their adoption procedure.

- (a) Please provide details (including powers and resources) of the authority or authorities which grant accreditation.
- (b) How many bodies have been accredited by your country? Federal States may provide the number for each state or province. If possible, please indicate how many bodies have been refused accreditation.

At the moment CAI accredited 70 bodies.

- (c) Please give a brief outline of your accreditation criteria, guidelines or legislation.
- (d) What is the process by which accreditation is granted?

Requirements that bodies must meet in order to obtain the authorization to act in the field of intercountry adoption:

- Have their registered office located in Italy and have an adequate organization in Italy and in the foreign countries where they wish to act;
- Pursue only non-profit objectives and have a transparent account, administrative and methodological management, particularly with reference to costs for carrying out intercountry adoption procedures;
- Do not act according to ideological, religious or other kind of discrimination;
 - Commit themselves to promote children's rights in their states of origin – preferably to cooperate in development actions – and accomplish the subsidiarity principle of intercountry adoption in minors' countries of origin.
 - Every years CAI supplies to the drawing up of the guidelines as instrument of address for the several activities concerning intercountry adoptions.

- (e) If possible, please provide an electronic copy of your accreditation criteria, guidelines or legislation, and any translations into English, French or Spanish.

- (f) How is the supervision of accredited bodies carried out in your State (Article 11 c))? Are there regular reporting requirements (including financial reporting) by the accredited body to the supervising authority?
- (g) How is the performance of the accredited body assessed or evaluated?
- (h) Has the competent supervisory authority encountered any difficulties in relation to (f)?
- (i) Are you aware of any acts or behaviour by accredited bodies or approved bodies or persons that contravened your accreditation criteria? Please also provide details of any sanctions or penalties applied?
- (j) What are the conditions for renewal of accreditation?
- (k) Have you experienced any difficulties in obtaining assistance or cooperation from other Central Authorities in regard to accredited bodies?
- (l) Have you experienced any difficulties or concerns regarding the supervision of accredited bodies in other countries?

- (m) Do you consider that standard or model accreditation guidelines would assist countries in developing appropriate safeguards or procedures?
- (2) Has your country authorised foreign accredited bodies to undertake intercountry adoptions in your country (see Article 12)?
 - (a) What steps are involved in the process of authorisation?
 - (b) What supervision of foreign authorised bodies occurs?

Approved bodies and persons

- (6) Please indicate whether your country uses or intends to use approved bodies or persons (see Article 22(2)) in intercountry adoption. If so,
 - (a) How many bodies or persons have been approved by your country to provide adoption services in accordance with Article 22(2)?
 - (b) Do you grant approval to persons or bodies from abroad?
 - (c) What are the guidelines by which approval is granted (if different from 1(c))?
 - (d) What is the process by which approval is granted and renewed?
 - (e) How is the supervision of approved bodies or persons carried out in your State (Article 22(2))?
 - (f) Has your country made a declaration under Article 22(4)?

7. Procedural aspects

- (1) Please indicate any operational difficulties that have been experienced, including in particular:
 - (a) obtaining accurate and sufficient health and social information on the child;
 - (b) obtaining accurate and sufficient information on prospective adoptive parents;¹

¹ The Convention, Articles 15 and 16.

- (c) obtaining an accurate estimate of fees to be paid by adoptive parents prior to adoption and / or travel to collect the child;²
- (d) documentation requirements, including requirements for legalisation or authentication of documents, or the acceptance of documents by the other country;
- (e) obtaining the agreements required in Article 17;
- (f) receiving post-placement reports from adoptive parents or Central Authorities;³
- (g) translation requirements;
- (h) time taken to process Convention cases.

(2) Do you permit prospective adopters, once their eligibility and suitability have been established, to make their own arrangements for contacting directly the placement agencies in the country of origin?

(3) Has the practice referred to in the preceding question given rise to particular problems of which you are aware?

(4) Please provide details on the breakdown of placements in the Receiving State. What steps have been or are being taken in your country to address this problem (Article 21)?⁴

(5) Legalisation of foreign documents can be very time consuming for Contracting States. At the Special Commission on the Apostille, Evidence and Service Conventions in November 2003,⁵ a recommendation was made concerning the 1993 Convention. The Report states that:

"The Special Commission stressed the usefulness of linking the application of the Hague Adoption Convention of 1993 to the Apostille Convention [the 1961 Convention Abolishing the Requirement of Legalisation for Foreign Public Documents]. In light of the high number of public documents included in a typical adoption procedure, the Special Commission recommended that States that are party to the Adoption Convention but not to the Apostille Convention consider actively becoming party to the latter."⁶

Would you favour a similar recommendation from the forthcoming Special Commission meeting for the 1993 Convention?

(6) DNA testing has been used to establish identity (if, for example, a consent is in doubt). Can you provide details of such cases, including the cost and procedures involved?

² See Report of the Special Commission of 2000, page 42, paragraph 7.

³ See the Convention, Article 20.

⁴ The number of placement breakdowns is sought in the new draft Statistics Form.

⁵ See "Conclusions and Recommendations adopted by the Special Commission on the Practical Operation of the Hague Apostille, Evidence and Service Conventions", 2003, page 5, available on the Hague Conference website at < www.hcch.net >.

⁶ See paragraph 6.

8. Private international law issues

(1) The Convention does not determine which authorities have jurisdiction to grant or amend / revoke an adoption nor which law applies to the conditions governing, or the effects of, an adoption.

- (a) Are you aware of any difficulties that may have arisen in the application of the Convention concerning the jurisdiction of the authorities to grant or amend / revoke an adoption?
- (b) Are you aware of any difficulties that may have arisen in the application of the Convention concerning the law or laws to be applied to the conditions governing, or the effects of, an adoption?

If the answer to either or both of these questions is "yes", do you wish the Permanent Bureau to study these questions further?

(2) Issues of applicable law may arise when bodies accredited in one Contracting State act in another Contracting State (Article 12), for example:

- whether and to what extent agents of that body are authorised to act and bind their principal;
- whether they have exceeded or misused their authority.

Have you experienced any difficulties in this respect (see also the *Hague Convention of 14 March 1978 on the Law Applicable to Agency*)?

9. Recognition and effects

(1) Have your courts used the Recommended Model Form "Certificate of Conformity of Inter-country Adoption"? See < www.hcch.net >, "Inter-country Adoption", "Practical Operation Documents", "Annex C to the Special Commission Report of October 1994".

(2) Have you knowledge of any difficulties that have arisen in obtaining certificates under Article 23(1)?

(3) Do you have information about any case in which recognition of a Convention adoption has been refused under Article 24?

(4) Are there any circumstances in which you would recognise the validity of a foreign adoption coming within the scope of the Convention despite Convention procedures or requirements not having been followed?

Please specify any other difficulties that have arisen in relation to Chapter V of the Convention.

10. Payment of reasonable charges and fees

(1) Please quantify the costs and expenses charged or fees paid in your country in respect of inter-country adoptions (Article 32(2)). Is this information freely available and accessible to prospective adoptive parents and competent authorities?

- (2) Have you had any experiences with the use of fee caps, established and publicised appropriate fees, established expediting fees, or other similar controls?
- (3) Do you have any comments on the practice in some countries of requiring a mandatory contribution by adoptive parents for the support or development of child protection services in such countries?
- (4) Do you have any comments on or experiences of uneven processing amongst countries due to large disparities in fees (for example, applications from countries that offer higher fees may be processed more quickly)?
- (5) Are you aware of any instances of disparity between professional salaries or fees charged for adoptions compared to other forms of legal work? (For example, large legal fees may be charged for adoption, while standard or lower fees are paid for other family law matters such as divorces – see Article 32(3).)
- (6) Are you aware of any significant differences in fees charged for intercountry adoption by regional or provincial authorities?
- (7) To what extent, if any, are intercountry adoption fees used (a) to support or develop the national childcare and protection system; or (b) to contribute to funding resources of Central Authorities or accredited bodies?
- (8) Do you have any other comments about reasonable or unreasonable costs and expenses or fees?
- (9) Are you aware of any other problems arising from the payment of fees or charges in your country or in other countries with which you have adoption arrangements?

11. Improper financial gain

- (1) Please indicate the laws (including criminal sanctions), measures and procedures in place to give effect to the principle that no one shall derive improper financial or other gain from an activity related to an intercountry adoption (Article 32(1)).
- (2) Are you aware of any instances of success in enforcing penalties to discourage improper financial gain?
- (3) Are you aware of any difficulties in the enforcement of laws or regulations or in prosecution of criminal activity?
- (4) Apart from the measures referred to in Question 11(1) above, have any other preventive measures been taken in your country to combat improper financial gain?
- (5) Please provide details of any measures taken to prevent solicitation (e.g. through inducements to consent) of children for adoption (Articles 8 and 29).
- (6) Have you experienced any difficulties in obtaining co-operation or assistance from other States in eliminating practices that lead to improper financial gain?

12. Relative adoptions

Do you have any comments on the application of the Convention procedures to relative (inter-family) adoptions?

13. Children with special needs

What policies or programmes do you have to ensure that children with special needs are given the same opportunity to find a family through intercountry adoption as other children?

14. Other forms of cross-border child care

International foster care, transnational *kafala* and other forms of child care with a cross-border element are not covered by the 1993 Convention, but by the *Hague Convention of 19 October 1996 on Jurisdiction, Applicable Law, Recognition, Enforcement and Co-operation in respect of Parental Responsibility and Measures for the Protection of Children*: See for example its Articles 3 e) and 33(1).

- (1) Is your country involved in international placements of children other than for purposes of adoption?
- (2) Are you aware of any difficulties concerning such placements?
- (3) If your country is not yet a Party to the 1996 Convention, is your country actively studying ratifying or acceding to it?

15. Avoiding the Convention

Are you aware of any attempts to circumvent the Convention or to avoid protections afforded to children, including the moving of children or birth parents to other countries?

16. Additional safeguards and bilateral arrangements

Please describe any additional safeguards, requirements or procedures, which you apply to Convention adoptions (*i.e.* over and above those which are set out in the Convention itself). Are these applied generally, or only in relation to particular States?

Have you made agreements with one or more other Contracting State (see Article 32(2)) with a view to improving the application of the Convention? If so, please specify with which States and what matters are covered by the agreements.

Do you have any comments on the efficacy of bilateral arrangements:

- (a) with non-Contracting States? Are Convention safeguards applied?
- (b) with Contracting States? Do they improve the operation of the Convention? Have they caused any difficulties?

17. Limits on number of States with whom co-operation is possible

In making arrangements for intercountry adoption (whether as a receiving State or as a State of origin), have you found it necessary to confine co-operation under the Convention to a limited number of other Contracting States? If so, please explain the reasons (e.g. no appropriate accredited body, lack of resources to process applications from large number of States, etc) and indicate what has influenced the choice of these States.

B SUGGESTIONS FOR THE SEPTEMBER SPECIAL COMMISSION

18. Do you regularly hold seminars, training sessions or workshops on the Adoption Convention in your State? Would you welcome participants from other countries? Would you find it helpful if there was a consistent way to announce such activities to other States? Do you have suggestions?

19. In the current negotiations for a new Convention on the International Recovery of Child Support and other Forms of Family Maintenance, an Administrative Co-operation Working Group has been established to examine and report on practical problems and issues of administrative co-operation between authorities. Would you favour the establishment of a similar group for the 1993 Convention?

20. Please indicate which topics you consider priority issues for the Special Commission in September 2005, and their degree of importance.

21. Any other suggestions, comments and observations are welcomed.

ANNEXES

ANNEX 1 - ORGANIGRAM

Introduction and explanation

In response to the recommendation of the Special Commission of 2000¹ the Permanent Bureau has prepared a model form designed to provide information on which entity in each State performs each function outlined in the Convention.² The form is applicable to both States of Origin and Receiving States, and also includes space for the reporting and updating of names and contact information for the Central Authorities, Public Authorities, Courts, Accredited Bodies and Approved Persons in each State.

With reference to the recommendation of the Special Commission of 2000, it was not possible in the time available to develop a simple form that would show the interaction of the competent authorities and bodies in each State. Any additional information could be provided by States in a separate document.

We would welcome comments on the form and its ease of use, and any suggested changes or additions. It is thought that the exercise of preparing answers to the form may be the best way to test its value and may highlight any need for revision. Therefore, we would like, if possible, to receive completed forms from States prior to **14 June 2005**. If your State has already sent the information requested in Section C, please send only revisions as necessary.

¹ N.B. A Special Commission on the Convention was held from 28 November-1 December 2000 on the Practical Operation of the Convention. The report of this meeting, *Report and Conclusions of the Special Commission on the Practical Operation of the Hague Convention of 29 May 1993 on Protection of Children and Co-operation in Respect of Intercountry Adoption*, was published in English and French and is available on the Hague Conference website at: < <http://hcch.e-vision.nl/upload/scrpt33e2000.pdf> >.

ANNEX 2 – STATISTICS FORMS

Introduction and explanation

In response to the request made during the Special Commission of 2000, the Permanent Bureau is developing a set of standard forms for the reporting of statistics, and we have attached the Draft Adoption Statistics Forms (State of origin forms – 1a, 1b, 1c; receiving State forms – 2a, 2b, 2c).

We would like to receive the completed forms from as many States as possible by **14 June 2005**, and welcome comments or suggestions on the forms and their ease of use. If possible, we would like to receive statistics from the years 2001, 2002 and 2003. Compiled statistics will be made available at the Special Commission meeting.

1a. Intercountry adoptions to Hague States

[illegible]

¹ Number of adoptions completed in State of origin e.g. by adoption order or decree. If relative adoptions are included in the total, please provide in a note a separate total for these adoptions if possible.

² Number of children entrusted to prospective adoptive parents with a view to adoption in the receiving State.

³ If your national statistics are compiled according to other age groups, please indicate accordingly e.g. if you only count the number of children under 5, you should combine the two columns here that refer to children under 1 year old and between 1 and 4 years old.

⁴ Number of adoptions of special needs children.

⁵ Calculated from time child entered the institution or foster care, or from the date the Central Authority was first contacted about a child currently living with his or her family of origin that was in need of adoptive placement.

⁶ Location of child prior to adoption: these numbers should only relate to children adopted (not entrusted).

⁷ Travel related costs should not be included in this amount.
