## **TABLEAUX SUR LES COÛTS ASSOCIÉS À L'ADOPTION INTERNATIONALE**

\* \* \*

## **TABLES ON THE COSTS ASSOCIATED WITH INTERCOUNTRY ADOPTION**

## TABLES ON THE COSTS ASSOCIATED WITH INTERCOUNTRY ADOPTION

The *Tables on costs*<sup>1</sup> are designed to increase transparency by compiling the available information on the costs of intercountry adoption in States of origin and receiving States.

The Tables do not aim to provide prospective adoptive parents (“PAPs”) or other actors with a definitive, “total cost” for an intercountry adoption. Rather, they aim to be a reference point for PAPs and other actors to identify if the costs which they encounter in the State of origin (Table I) and the receiving State (Table II) are of the nature and within the range provided in the Tables. The Experts’ Group will continue its discussions regarding the best method of collecting the data as well as the timeline for providing the data. It will also decide on where and how the tables should be published.

The Tables also include information about the “contributions”<sup>2</sup> which may be demanded from PAPs by certain States of origin or adoption accredited bodies in the context of an intercountry adoption. Such contributions should not be considered as “costs” of an intercountry adoption since they are distinct from the real or actual costs of the adoption procedure (*i.e.*, they are distinct from the cost of providing all the services necessary in the receiving State and the State of origin to complete each particular adoption). Nevertheless, in order to reflect the current practice of some States,<sup>3</sup> they have been included in the tables.

### INSTRUCTIONS FOR COMPLETION OF THE TABLES

Tables I and II may be completed by States to provide information concerning the estimated costs and contributions associated with an intercountry adoption in the particular State of origin or receiving State.

States of origin may complete Table I. Receiving States may complete Table II. States that are both States of origin *and* receiving States may complete both Tables.

#### Column “Purpose”

The “other” category should be used to add any category of costs not previously listed in the column. Please be as specific as possible.

You may use “free” when the service is provided free of charge, “not applicable” when the service is not provided, or “unknown” when the information is not yet available.

You may find that some categories of costs are incurred in exceptional cases only (*e.g.*, legal fees may not be required in certain States but may be incurred at the discretion of prospective adoptive parent(s)). In such a case, please indicate “0 to [estimate price when the prospective adoptive parent(s) select this service]”. You may also use the space in each category or use a footnote to specify the conditions under which an amount may be requested.

**SECTION I: GENERAL FIXED COSTS  
TO BE PAID IN THE RECEIVING STATE**

**(regardless of the State of origin from which the adoptable child comes)**

Note on how adoption services are structured in New Zealand.

The Ministry of Social Development has within it both the functions of the New Zealand Central Authority and Child, Youth and Family. Prospective adoptive parents of non-relatives can choose to use either an accredited body or the government provided statutory services provided by both Child, Youth and Family and the New Zealand Central Authority to facilitate an adoption.

To reflect this structure some headings have been adapted to make them applicable to the New Zealand context. The costs were gathered in 2015, these costs can change at any time.
