*The information reflected in this overview will continue to evolve over the next months and expenditure is not distributed evenly throughout the Financial Year (FY); total expenditure relating to a budget article over a full FY should thus not be extrapolated from this overview. These actuals form the basis of the Secretary General's financial management of the Budget and the Organisation's work programme over the remaining months of the FY.

Expenditure that is likely to be eligible to be covered by a fund is currently held in the related fund. If required, these items will be assessed and processed in the funds at the end of the FY. An unaudited report of the accounts with the implementation of the full FY will be provided to Members within three months of the end of the FY as per Article 14 of the Financial Regulations. The accounts will subsequently be submitted for auditing within six months of the end of the FY as per Article 14 of the Financial Regulations.
